

Founded in 1914, the Washington Animal Rescue League is a private, not-for-profit organization providing stray or unwanted animals with shelter, high-quality, low-cost medical attention, and loving care until they can find new adoptive homes.

To US Food & Drug Adm  
In addition to posing an  
increased risk for bacterial  
contamination there is  
evidence that some downed  
animals may be afflicted  
with a form of BSE or  
mad cow disease, a disease  
which has been linked to  
a fatal human illness (CJD)  
or Creutzfeldt-Jacob disease.  
Please grant the Petition to  
prohibit the slaughter of  
downed animals. Docket #
